

Western Colorado Food and Farm Forum

January 22nd – 23rd, 2021

Virtual Conference

The Food and Farm Forum believes that supporting and encouraging the next generation of farmers is crucial to the future of agriculture in Colorado. For our virtual conference this year, we are offering scholarships to the following:

- Interns or Apprentices in farm programs or operations
- Enrolled Students, studying ag topics (including FFA & 4H)
- AmeriCorps members
- Beginning Farmers/Ranchers (1-3 years in operation)

Scholarship includes Friday and Saturday's registration fee. Scholarships are available on a first come, first serve basis but must be submitted no later than Friday, December 28th, 2020. We will notify you within 10 days of receiving your application.

Scholarship recipients are expected to support our outreach and marketing efforts for this year's virtual conference. In lieu of volunteer hours, we are asking our scholarship recipients to promote our virtual conference through social media channels and by inviting friends and colleagues via email/online announcements. We are also happy to discuss creative ideas you have around promotion. After the conference, recipients agree to write a short testimonial describing how the conference was of value to them.

Full Name: _____

Email: _____ **Phone Number:** _____

Organization/Farm/Business: _____

Please select all that apply to you:

_____ New Farmer or Farm Apprentice _____ AmeriCorps _____ Student _____ New Ag Business Owner
